EDUCATION

Full-screen Snip

The first thing that strikes in our minds when we think about education is gaining knowledge. Education is a tool which provides people with knowledge, skill, technique, information, enables them to know their rights and duties toward their family, society as well as the nation. It expands vision and outlook to see the world. It develops the capabilities to fight against injustice, violence, corruption and many other bad elements in the society.

**Education** gives us knowledge of the world around us. It develops in us a perspective of looking at life. It is the most important element in the evolution of the nation. Without education, one will not explore new ideas. It means one will not be able to develop the world because without ideas there is no creativity and without creativity, there is no development of the nation.

**Education** is an important aspect that plays a huge role in the modern, industrialized world. People need a good education to be able to survive in this competitive world. Modern society is based on people who have high living standards and knowledge which allows them to implement better solutions to their problems.

EDUCATION  
IS MOST IMPORTANT PART OF OUR LIFE !
